

50 points
to tell your mates
we're great

How to snag yourself an extra 50 points

- 1 Tell your mate (a registered gas fitter, obviously!) how good the Frequent Fitter Club is. You could mention the points, the prize draws, oh and the chance to win a fantastic trip to the Palazzo Versace Hotel, Surfers Paradise...
- 2 Your mate thinks it's a great idea and goes to www.frequentfitter.co.nz where he signs up online.
- 3 Here's the tricky bit, make sure he puts your name down when he signs up!
- 4 Once he's successfully joined the Frequent Fitter Club and we've confirmed his first connection, whether it's a switch, new, natural gas or Contact Rockgas LPG, you'll get 50 points awarded to your membership account! Sweet.
- 5 Shout your mate a pizza or a cold one!

All the terms and conditions are below so have a read!

-
1. We will award you with 50 points when you successfully refer a new individual member to us and that new member submits and we confirm their first new connection or switch connection.
 2. The new member you refer must not have previously been a member of the club, they must note when they register to join that an existing member referred them and enter your name at the time of joining.
 3. You will only be awarded 50 points after we have validated the referral, the new member has been registered as a member of the club and the new member has submitted and we have confirmed their first new connection or switch connection. The points awarded to you will show under your club membership account as 'New member referral award'.
 4. We will only award 50 points for a new member referral to one existing member. The first existing member to successfully refer a new member will be awarded.
 5. New member referral awards do not apply to company memberships.
 6. New member referral award points may be revoked by us at our discretion.
